Tourist Information

PRIMARY ROUTES TOURIST INFORMATION RENSEIGNEMENTS TOURISTIQUES TOURISTENINFORMATION

These form a network of recommended through routes which complement the motorway system. Selected places of major traffic importance are known as Primary Route Destinations and are shown on this map thus <code>OXFORD</code>. Distances and directions to such destinations are repeated on traffic signs which, on primary routes, have a green background or, on motorways, have a blue background

To continue on a primary route through or past a place which has appeared as a destination on previous signs, follow the directions to the next primary destination shown on the green-backed signs
